

**HOLLY ZIEGENHORN
EMPLOYEE OF THE MONTH**

JANUARY 2010

I would like to nominate Holly Ziegenhorn for Employee of the Month. On November 13, 2009, she was involved in the investigation of a recovered stolen vehicle and made an arrest of a female pursuant to that case. Further investigation revealed the case was actually a civil matter so Officer Ziegenhorn made arrangements for the female to be released.

When some officers would have ended their involvement at that time, Officer Ziegenhorn continued to talk with the female. She found out the female had a drug problem and wanted help. Officer Ziegenhorn went above and beyond to try and find an in-patient treatment center for the female, even going as far as talking with the center as well as insurance companies to ensure all arrangements were in order. Officer Ziegenhorn did not stop there. She spent her day-off making sure the female had gathered her belongings and made arrangements for the female to have a place to stay until the treatment center could admit her.

Officer Ziegenhorn's care for the citizens that she comes in contact with and her assistance rendered to a person that needed help illustrates why she deserving of this recognition.
